Diane, do you have additional info you can share about our response to the chemical leak?

See below inquiry from the new York times.

Thank you!

Alisha and Laura: Greetings. This is Manny Fernandez at the New York Times, the reporter who covers Texas for the paper.

Does either one of you have any info or details about the chemical leak today in La Porte, Tex., that killed 4 DuPont workers? Does the EPA have people at the scene and is there any indication what started the leak?

Thanks,
Manny
